### User Instructions

Go to: <https://learn.asts.org/>

Login with your ASTS credentials by clicking the login button in the upper right-hand corner

The screenshot shows the ASTS (American Society of Transplant Surgeons) website. The header includes the ASTS logo, navigation links (Join ASTS, Read AJT, Career Center, ASTS Foundation, TACC, Contact Us), and a 'Log In' button highlighted with a red arrow. Below the header is a main navigation bar with links: Events, Training, Professional Development, Connect, Advocacy & Resources, About ASTS, and ASTS Foundation & Grants. The main content area features a large banner for 'ATC 2019' (American Transplant Congress) with the text 'The Science of Tomorrow Starts Today'. Below the banner are six featured content tiles: 'National Transplant Curriculum', 'Maintenance of Certification (MOC)', 'Surgical Log', 'Surgical Videos', 'ATP Certificate of Educational Achievement', and 'Resident Curriculum'. A left sidebar contains a 'Quick Search' section with a search bar and filters for categories and types.

You will be directed one-time only to a Community Rules & Etiquette page. Please **scroll down** to the bottom of the page and click “I Agree” to proceed

## COMMUNITY RULES & ETIQUETTE AND PRIVACY GUIDELINES

Thank you for being part of our community. To ensure the best possible experience for all members, we have established some basic guidelines for participation.

By joining and using this community, you agree that you have read and will follow these rules and guidelines. You also agree to reserve discussions and shared files and content to that best suited to the medium. This is a great medium with which to solicit the advice of your peers, benefit from their experience, and participate in an ongoing conversation. Questions should be directed to our member services department via the Contact Us link on this site.

Please take a moment to acquaint yourself with these important guidelines. If you have questions, contact the member services department. In order to preserve an environment that encourages both civil and fruitful dialogue, we reserve the right to suspend or terminate membership in this community for anyone who violate these rules.

### The Rules

- Respect others. Focus on the content of posts and not on the people making them. Please extend the benefit of the doubt to newer guests and members; there's no such thing as a stupid question.
- Respect the purpose of the community. Use the community to share successes, challenges, constructive feedback, questions, and goals instead of products or services that you provide. If you've found a product or service helpful, please share your experience with the group in a respectful way.

You will now see the home page of the Academic Universe. Click on “View” within the National Transplant Curriculum widget to access the modules

You will see a listing of all the units in the curriculum. Click enroll to start working in a unit

The screenshot shows the 'National Transplant Curriculum' website. On the left is a sidebar with navigation links: Home, Additional Resources, My Learning, FAQs, Cart (0 items), and Profile. Below these is a 'Quick Search' section with a search bar and filters for 'All Categories' and 'All Types'. The main content area has a maroon header 'National Transplant Curriculum' followed by a description of the curriculum and contact information. Below this are sections for 'Earned' (No curriculums earned), 'In-Progress' (No curriculums in progress), and 'Available'. The 'Available' section contains a table with curriculum units and action buttons.

Curriculum	Actions		
● Immunobiology & Transplantation Research Unit	More Information	Requirements	Enroll
● Pharmacology & Immunosuppression Unit	More Information	Requirements	Enroll
● Organ Recovery Unit	More Information	Requirements	Enroll
● Medical Complications of Transplantation Unit	More Information	Requirements	Enroll
● Kidney Transplantation Unit	More Information	Requirements	Enroll
● Liver Transplantation Unit	More Information	Requirements	Enroll
● Pancreas Transplantation Unit	More Information	Requirements	Enroll

A red arrow points to the 'Enroll' button in the first row of the 'Available' table.

Select “Register and Enroll”. (A notification email will be sent to your email address on file that you have been enrolled in the unit.)

This screenshot shows the same website as the first, but with a modal dialog box open. The dialog box contains the text: 'Click “Register and Enroll” to enroll in the curriculum and register for the program package, where you will be able to access all program products.' At the bottom of the dialog are two buttons: 'Cancel' and 'Register and Enroll'. A red arrow points to the 'Register and Enroll' button. The background of the website is dimmed.

Click details for a list of modules within the unit

The screenshot shows the National Transplant Curriculum homepage. On the left is a sidebar with navigation links: Home, Additional Resources, My Learning, FAQs, Cart (0 items), and Profile. Below these is a 'Quick Search' section with a search bar and filters for categories and types. The main content area has a maroon header 'National Transplant Curriculum' followed by an introductory paragraph and contact information. Below this are three sections: 'Earned' (showing no curricula), 'In-Progress' (showing the 'Immunobiology & Transplantation Research Unit' with a progress bar at 0% and a 'Details' button highlighted by a red arrow), and 'Available' (listing other units like 'Pharmacology & Immunosuppression Unit' with 'More Information', 'Requirements', and 'Enroll' buttons).

Details view:

This screenshot shows the 'Immunobiology & Transplantation Research Unit: Certification Progress' details view. It features a progress bar at the top indicating 0% completion (0/11 required products). Below the progress bar is a table listing the required products for certification. Each row includes the product title, a 'Required' status (checked), elective points, product progress (0% with component counts), activation date (05/21/2019), completion status, and a 'View' button.

Title	Required	Elective Points	Product Progress	Activated	Completed	Actions
Basic Transplant Immunobiology: Basic Concepts	✓	-	0% 0/6 components	05/21/2019	-	<a href="#">View</a>
Basic Transplant Immunobiology: Rejection	✓	-	0% 0/6 components	05/21/2019	-	<a href="#">View</a>
Basic Immune Management of Transplant Patients	✓	-	0% 0/5 components	05/21/2019	-	<a href="#">View</a>
Major Histocompatibility Complex: Structure and Function of HLA: Part I	✓	-	0% 0/5 components	05/21/2019	-	<a href="#">View</a>
Major Histocompatibility Complex: Clinical Significance of anti-HLA Antibodies: Part II	✓	-	0% 0/5 components	05/21/2019	-	<a href="#">View</a>
Immunobiology of Transplantation	✓	-	0% 0/5 components	05/21/2019	-	<a href="#">View</a>
Hyper-Acute Rejection: Part I	✓	-	0% 0/5 components	05/21/2019	-	<a href="#">View</a>

At the bottom right of the details view, there are 'More Information' and 'Close' buttons.

Select “More Information” to begin viewing modules

The screenshot shows the National Transplant Curriculum homepage. On the left is a navigation menu with links: Home, Additional Resources, My Learning, FAQs, Cart (0 items), and Profile. Below this is a 'Quick Search' section with a search bar and filters for 'All Categories' and 'All Types'. The main content area has a dark red header 'National Transplant Curriculum'. Below the header, there is a paragraph about the curriculum and a link to 'education@asts.org'. The 'Earned' section shows 'No curriculums earned'. The 'In-Progress' section contains a table with columns: Curriculum, Enrollment, Progress, and Actions. The first row is for 'Immunobiology & Transplantation Research Unit', showing enrollment on 05/21/2019 and 0% progress (0/11 required). A red arrow points to the 'More Information' button in the Actions column. Below this is an 'Available' section with a table listing other curriculum units: Pharmacology & Immunosuppression Unit, Organ Recovery Unit, Medical Complications of Transplantation Unit, Kidney Transplantation Unit, and Liver Transplantation Unit. Each unit has 'More Information', 'Requirements', and 'Enroll' buttons.

Curriculum	Enrollment	Progress	Actions
● Immunobiology & Transplantation Research Unit	05/21/2019	0% 0/11 required	<a href="#">More Information</a> <a href="#">Details</a>

Curriculum	Actions
● Pharmacology & Immunosuppression Unit	<a href="#">More Information</a> <a href="#">Requirements</a> <a href="#">Enroll</a>
● Organ Recovery Unit	<a href="#">More Information</a> <a href="#">Requirements</a> <a href="#">Enroll</a>
● Medical Complications of Transplantation Unit	<a href="#">More Information</a> <a href="#">Requirements</a> <a href="#">Enroll</a>
● Kidney Transplantation Unit	<a href="#">More Information</a> <a href="#">Requirements</a> <a href="#">Enroll</a>
● Liver Transplantation Unit	<a href="#">More Information</a> <a href="#">Requirements</a> <a href="#">Enroll</a>

Select a module to begin

The screenshot shows the 'Curriculum Package: Immunobiology & Transplantation Research Unit'. At the top right, a green box says '✓ You are registered! You are enrolled!'. Below the header, there is a progress bar showing 0% completion (0/11 required) and a 'Progress Details' button. There are tabs for 'Overview' and 'Content'. The 'Content' tab is active, showing a list of modules. The first module is 'Basic Transplant Immunobiology: Basic Concepts', which is 'Activated' and 'Required Product' by Allan Kirk, MD. A red arrow points to the 'View' button next to this module. The second module is 'Basic Transplant Immunobiology: Rejection'. At the top of the content area, there are filters for 'Any', 'Any', and 'Original Order', and a link to 'Advanced Search This List'.
