Gonzalo Sapisochin

Committee Mission

The primary mission of the Vanguard Committee is to encourage involvement in the activities and initiatives of the ASTS by its junior members. The Vanguard Committee will provide opportunities for interactions between the Society's leadership and its newer members, thus increasing the cohesive nature of the society. It also develops new initiatives that are of particular interest to the junior members and to the Society as a whole.

Recent Accomplishments

2021 Virtual Winter Symposium with more than 800 attendees.

Selection of 2022 Mentorship Award & Vanguard Prize Recipients

Committee Mission

The mission of the Curriculum Committee is to develop and implement the National Transplant Surgery Fellowship Curriculum. The curriculum will be designed to provide a structured educational and training framework for abdominal transplant surgery fellowship. The curriculum will provide Program Directors with a basis for planning instruction and evaluating fellows, designing program practices and assessing educational outcomes. The National Transplant Surgery Fellowship Curriculum will guide fellows in their course of study and define key areas of knowledge necessary for mastery of the field of transplant surgery.

Recent Accomplishments

 Reviewed National Transplant Curriculum modules and identified gaps.

 Updated 10 modules and added 7 new modules over the past year.

On the Horizon...

 The development of wellness, pediatrics, intestinal, and thoracic units.

Business Practice Services

Chair: David Mulligan

Mike Marvin
Marc Melcher
Henry Randall
John Renz
Rajeev Sharma

Committee Mission

The mission of the Business Practice Services Committee is to assist ASTS members in understanding the business aspect of transplantation and to help them keep up with national trends in transplant practice management. ASTS business practice services facilitate members' understanding of the business aspect of transplantation, and provide education and guidance on transplant management and regulatory issues.

Recent Accomplishments

Kidney and Liver Transplant Financial Bootcamps

On the Horizon...

2022 Transplant Surgeon Compensation Survey & 2022 LDP

CME

Chair: Dean Kim

Co-Chair: C. Kristian Enestvedt

Committee Mission

The mission of the Fellowship Training Committee (FTC) is to ensure that the highest standards of clinical, professional, and scientific excellence are passed to future generations of transplant surgeons. The FTC develops educational programs and resources for fellows and Fellowship Training Program Directors. The FTC strives to provide benchmarks and guidance in order to facilitate high quality training across the United States and Canada.

Recent Accomplishments

14th Annual Surgical Fellows Symposium

Completed 2020 Certificate of Completion Review

Lindsay Powell
Vincent Tristan
Katherine Klingenberg
Corrie Berk
Jessica Spiegel

Committee Mission

Advanced Practice Providers in Transplant (ATPs) are integral members of the transplant team that positively impact the quality of care of transplant patients and are instrumental in the growth of transplant programs. ASTS has helped to foster and nurture the existing strong working relationship between ATPs and transplant surgeons and physicians. The mission of the ATP Committee is to offer educational and professional development programs for Advanced Transplant Providers to optimize care, enhance the overall patient experience, and strengthen relationships between providers.

Recent Accomplishments

Five Advanced Transplant Provider research grants were awarded for 2021.

Held a successful virtual ATP Session at the 2021 Winter Symposium.

On the Horizon...

Mentorship program and LDP/Financial Bootcamp scholarships for ATPs.
