

I. Disclosure of Relevant Financial Relationships

As the accredited provider for this activity, ASTS remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any relevant financial relationships with commercial interests that create a conflict of interest. It is not the intent of ASTS to disqualify anyone from participating in this educational activity but to resolve any conflicts of interest that may arise from financial relationships with commercial interests. All conflicts of interest are reviewed by the ASTS CME Program to ensure that such situations are properly evaluated and, if necessary, resolved. ASTS educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all ASTS CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relevant financial relationships will be made available prior to educational activities.

The following is the disclosure information for individuals in control of content for the 2026 Winter Symposium. Speakers and Moderators for Non-CME sessions are not listed. All relevant relationships were mitigated.
